

INDEPENDENT AUDITOR'S REPORT

To the Members of Deutsche Bank AG, India Branches

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Deutsche Bank AG, India Branches ("the Bank"), which comprise the Balance Sheet as at March 31, 2021, the Profit and Loss account and the Cash Flow Statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Banking Regulation Act, 1949 as well as the Companies Act, 2013, as amended ("the Act") in the manner so required for banking companies and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Bank as at March 31, 2021, its profit and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Bank in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Emphasis of Matter

We draw attention to Note no.4.(h)(x) of Schedule 18 to the financial statements, which describes the extent to which the COVID-19 pandemic that continues to impact the Bank's operations and its financial metrics which are dependent on highly uncertain future developments.

Our opinion is not modified in respect of the above matter.

Information Other than the Financial Statements and Auditor's Report Thereon

The Branch Management Board of the Bank is responsible for the other information. The other information comprises the Basel III- Pillar 3 Disclosures but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of Branch Management Board for Financial Statements

The Branch Management Board of the Bank is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Bank in accordance with the provisions of Section 29 of the Banking Regulation Act 1949, accounting principles generally accepted in India, including the Companies (Accounting Standards) Rules, 2006 (as amended) specified under section 133 of the Act, read with the Companies (Accounts) Rules, 2014 in so far as they apply to the Bank and the guidelines and directions issued by the Reserve Bank of India from time to time.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Bank and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Bank or to cease operations, or has no realistic alternative but to do so.

Those Charged with Governance are also responsible for overseeing the Bank's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Bank has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Bank to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matter

The financial statements of the Bank for the year ended March 31, 2020, were audited by another auditor whose report dated June 22, 2020 expressed an unmodified opinion on those financial statements.

Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. The Balance Sheet, the Profit and Loss Account and the Cash Flow Statement for the year ended March 31, 2021, have been drawn up in accordance with the provisions of Section 29 of the Banking Regulation Act, 1949 read with Companies (Accounting Standards) Rules, 2006 (as amended) specified under section 133 of the Act, read with the Companies (Accounts) Rules, 2014.
2. As required by sub section (3) of Section 30 of the Banking Regulation Act, 1949, we report that:
 - (a) We have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purpose of our audit and have found them to be satisfactory;

ANNEXURE 1 TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF DEUTSCHE BANK AG, INDIA BRANCHES

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the "Act")

We have audited the internal financial controls with reference to financial statements of Deutsche Bank AG, India Branches (the "Bank") as of March 31, 2021 in conjunction with our audit of the financial statements of the Bank for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Bank's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Bank considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Bank's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Bank's internal financial controls with reference to these financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to these financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to these financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to these financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to these financial statements.

Meaning of Internal Financial Controls with Reference to these financial statements

A Bank's internal financial control with reference to the financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Bank's internal financial control with reference to the financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Bank; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Bank are being made only in accordance with authorizations of management and directors of the Bank; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Bank's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls with reference to the financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to the financial statements to future periods are subject to the risk that the internal financial control with reference to the financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Bank has, in all material respects, adequate internal financial controls with reference to these financial statements and such internal financial controls with reference to these financial statements were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Bank considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by ICAI.

Schedule 18: Notes forming part of the financial statements of the India Branches

For the year ended 31 March 2021

1. Background

The accompanying financial statements for the year ended 31 March 2021 comprise accounts of the India Branches of Deutsche Bank AG (the 'Bank') which is incorporated in Germany with limited liability.

2. Basis of preparation and use of estimates

The financial statements have been prepared and presented under the historical cost convention and on accrual basis of accounting, unless otherwise stated, and are in accordance with the generally accepted accounting principles and statutory provisions prescribed under the Banking Regulation Act, 1949, circulars and guidelines issued by the Reserve Bank of India ('RBI') and Accounting Standards ('AS') specified under section 133 of the Companies Act 2013, read with Rule 7 of the Companies (Account) Rules, 2014 and the Companies (Accounting Standards) Amendment Rules 2016 to the extent applicable and conform to the statutory requirements prescribed by the RBI from time to time and current practices prevailing within the banking industry in India.

The preparation of the financial statements in conformity with the generally accepted accounting principles requires Management to make estimates and assumptions that affect the reported amounts of assets, liabilities (including contingent liabilities), revenues and expenses as at the date of the financial statements. Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Any revision to the accounting estimates is recognised prospectively in the current and future periods.

Schedule 18: Notes forming part of the financial statements of the India Branches (Continued)

For the year ended 31 March 2021

3. Significant accounting policies

a. Foreign currency translation

Monetary foreign currency assets, liabilities and contingent liabilities on account of guarantees, endorsements and other outstandings are translated at the Balance Sheet date at rates notified by the Foreign Exchange Dealers Association of India ('FEDAI'). Revenue and expenses in foreign currency are translated at the rates prevailing on the date of the transaction. Exchange difference arising on foreign exchange transactions settled during the year are recognized in the Profit and Loss Account. Profits/losses resulting from year-end revaluations are included in the Profit and Loss Account.

b. Investments

i. Investments are categorised as Held to Maturity ('HTM'), Available for Sale ('AFS') and Held for Trading ('HFT') in accordance with the RBI guidelines based on intent at the time of acquisition. However, for disclosure in the Balance Sheet, these Investments are classified as Investments in India & Outside India. These are further classified as Government securities, Other approved securities, Shares, Debentures and bonds, Investment in subsidiaries / joint ventures and other investments. These are valued in accordance with extant RBI guidelines.

Investments, which the Bank intends to hold till maturity are classified as HTM investments. Investments that are held principally for resale within 90 days are classified as HFT investments. All other investments are classified as AFS investments.

ii. Investments under HTM are carried at acquisition cost or amortised cost if acquired at a premium. The premium, if any, is amortised over the remaining life of the security on a straight line basis, while discount, if any, is ignored. Profit on sale of HTM securities is appropriated to Capital Reserve net of income tax and statutory reserve while loss, if any, is charged to the Profit and Loss Account. A provision is made for other than temporary diminution, if any, in the value of HTM investments.

iii. Investments under AFS and HFT categories are revalued periodically as per RBI guidelines. Securities under each category are valued scrip-wise and depreciation / appreciation is aggregated for each classification. Net depreciation, if any, is provided for and net appreciation, if any, is ignored. Net depreciation required to be provided for in any one classification is not reduced on account of net appreciation in any other classification.

iv. Treasury bills including foreign currency Treasury bills, commercial paper and certificate of deposits, being discounted instruments, are valued at carrying cost.

v. The market/ fair value applied for the purpose of periodical valuation of quoted investments included in the AFS and HFT categories is the market price of the scrip as available from the trades/ quotes on the stock exchanges, or the prices periodically declared by Fixed Income Money Market and Derivatives Association ('FIMMDA')/ Financial Benchmark India Private Limited ('FBIL').

vi. The market/ fair value of unquoted government securities included in the AFS and HFT category is determined as per the RBI guidelines. Further, in the case of unquoted fixed income securities (other than government securities), valuation is carried out by applying an appropriate mark-up (reflecting associated credit risk) over the Yield to Maturity ('YTM') rates of government securities of similar tenor. Such mark up and YTM rates applied are as per the relevant rates published by FIMMDA/FBIL.

vii. Investments in security receipts issued by asset reconstruction companies are valued at the latest Net Asset Values ("NAV") obtained from the asset reconstruction companies.

viii. Investments in pass through certificates (PTC's) are valued by adopting base yield curve and FIMMDA spread matrix relative to weighted average maturity of the security. Priority sector PTC's are valued at carrying cost.

ix. Quoted equity shares are valued at their closing price on a recognised stock exchange. Unquoted equity shares are valued at the book value if the latest balance sheet is available, else, at Re. 1 per company, as per relevant RBI guidelines.

x. Cost of investments is based on the weighted average cost method.

xi. Broken period interest paid at the time of acquisition of the security has been charged to the Profit and Loss Account.

xii. Brokerage, commission, etc. paid at the time of purchase / sale is charged to the Profit and Loss Account.

xiii. Repurchase (repo) and reverse repurchase (reverse repo) transactions are accounted for as secured borrowing and lending contracts, respectively, in accordance with the extant RBI guidelines. The transactions with RBI under Liquidity Adjustment Facility ("LAF") are also accounted for as secured borrowing and lending transactions. These transactions are reflected under Schedule 4.1 and Schedule 7.1 accordingly.

xiv. The Bank undertakes short sale transactions in Central Government dated securities. In accordance with the RBI guidelines, such short positions are categorised as HFT and are classified under Schedule 5.5. These positions are marked-to-market along with the other securities under HFT portfolio and the resultant mark-to-market gains/losses are accounted for as per the relevant RBI guidelines for valuation of investments.

xv. The difference between the consideration amount of first leg and second leg of the repo/ reverse repo is recognised as interest expense/ income in the Profit and Loss Account.

xvi. The Bank follows settlement date accounting for recording purchase and sale of investments.

xvii. Non-performing investments are identified and provision is made thereon based on the RBI guidelines. The provision on such non-performing investments is not set off against the appreciation in respect of other performing investments.

xviii. Transfer of investments between categories is accounted in accordance with the extant RBI guidelines.

a) Transfer from AFS/HFT to HTM is made at the lower of book value or market value at the time of transfer.

b) Transfer from HTM to AFS/HFT is made at acquisition price/book value if originally placed in HTM at a discount, and at amortised cost if originally placed in HTM at a premium.

c) Transfer from AFS to HFT category or vice-versa is made at book value and the provision for the accumulated depreciation, if any, held is transferred to the provision for depreciation against the HFT securities and vice-versa.

xix. Investment Fluctuation Reserve & Investment Reserve are created in accordance with RBI guidelines.

c. Derivatives transactions

i. The Bank enters into derivative contracts such as interest rate swaps, interest rate futures, currency swaps, forward rate agreements, total return swap, currency futures, foreign currency-rupee options, cross currency options and foreign exchange contracts for hedging or trading purposes.

ii. All derivative transactions are reported on a mark to market basis in the financial statements, except in the case of derivatives undertaken as hedges for risk arising from on-Balance Sheet / off-Balance Sheet exposures. The mark to market is performed based on the valuation procedures described in para 4 (g) of the Notes to the Accounts. The unrealised gains/losses are recognised in the Profit and Loss Account and the corresponding amounts are reflected as other assets/liabilities respectively in the Balance Sheet.

**Schedule 18: Notes forming part of the financial statements of the India Branches (Continued)**

For the year ended 31 March 2021

3. Significant accounting policies (Continued)**c. Derivatives transactions (continued)**

- iii. The accounting for derivatives transactions undertaken as hedges is as follows:
Derivative contracts that hedge interest bearing assets or liabilities are valued for in the same manner as the underlying asset or liability. The bank identifies the hedged item (asset or liability) at the inception of the transaction itself.
Gains or losses on the termination of derivative transaction would be recognised when the offsetting gain or loss is recognised on the underlying asset or liability. This implies that any gain or loss on the terminated derivative would be deferred and recognised over the shorter of the remaining contractual life of the derivative or the remaining life of the asset/liability.
- iv. Overdue receivables under derivative contracts are classified as non-performing when unpaid for a period of 90 days and recognised through the Profit and Loss Account in accordance with applicable RBI guidelines.
- v. Foreign exchange contracts outstanding at the Balance Sheet date are marked to market as per methodology and at rates notified by FEDAI for specified maturities, suitably interpolated for in-between maturity contracts as specified by FEDAI. Contracts of maturities over twelve months (Long Term Forex Contracts) are marked to market at rates derived from the Reuters curve for that respective currency. The resulting profits or losses are recognised in the Profit and Loss Account.
- vi. In case of currency option trades, the premium received / paid is reflected on the Balance Sheet and recognised in the Profit and Loss Account only on maturity of trade.

d. Advances and provision for advances

- i. Advances are classified as performing and non-performing based on the RBI guidelines and are stated after deduction of borrowings on inter-bank participation certificate with risk, interest in suspense, bills rediscounting and provisions on non-performing advances.
- ii. Non-performing advances are identified by periodic appraisals of the portfolio by the Management and appropriate provisions are made which meet the prudential accounting norms prescribed by the RBI for asset classification, income recognition, and provisioning after considering subsequent recoveries.
Further to the provisions required to be held according to the asset classification status, country risk provisions are held for individual country exposures (other than for home country exposure) in accordance with RBI guidelines.
- iii. For standard assets, general provision has been made as prescribed by the RBI. In addition, the Bank also maintains a floating provision to cover potential credit losses which are inherent in any loan portfolio but not yet identified, which is included under Schedule 5.5.
- iv. Purchase / sale of non-performing assets are reflected in accordance with the RBI regulations. Provisioning for non-performing assets purchased is made appropriate to the asset classification status determined in accordance with the said guidelines. In case of sale of non-performing assets at a price below the net book value, the loss is debited to the Profit and Loss Account whereas in case of a sale at higher than the net book value, the excess provision is not reversed but retained to meet the shortfall / loss on account of sale of other non-performing financial assets, except in case of sale of non-performing assets to Securitisation Company (SC) / Reconstruction Company (RC) where any excess provision is reversed to Profit and Loss Account in accordance with applicable RBI guidelines on sale of financial assets to SC / RC. Recovery in respect of a non-performing asset purchased is first adjusted against its acquisition cost. In case of sale of non-performing assets to SC/RC, recovery in excess of the acquisition cost is recognised as gain in the Profit and Loss Account.
- v. Provisions for restructured assets are made in accordance with applicable RBI guidelines on restructuring of advances by banks.
- vi. In addition to above, the Bank on a prudential basis makes provisions on specific advances or exposures which are not NPAs, but has reasons to believe on the basis of the extant environment or specific information, the possible slippage of a specific advance or a group of advances or exposures or potential exposures. These provisions are included under Schedule 5.5.

e. Fixed assets and depreciation

- i. Fixed assets are stated at historical cost less accumulated depreciation and impairment, if any. Cost includes freight, duties, taxes and incidental expenses related to the acquisition and installation of the asset. Subsequent expenditure incurred on assets put to use is capitalised only when it increases the future benefit / functioning capability from / of such assets.
- ii. Fixed assets individually costing less than Rs 30 thousand are expensed off in the Profit and Loss Account.
- iii. Depreciation is provided on a straight line basis over the estimated useful life of the asset. The useful life estimates prescribed in Part C of Schedule II to the Companies Act, 2013 are generally adhered to, except in respect of few asset classes where, based on management evaluation and past experience, a different estimate of useful life is considered suitable and is consistent with its global policy / RBI guidelines as prescribed. The rates for this purpose are as follows:

Asset Type	Estimated useful life
Cost of buildings	40 years
Other fixed assets	
■ Furniture, fixtures and office equipment	10 years
■ Vehicles	5 years
■ Electronic Data Processing (EDP) hardware	3 years
■ Communication equipment	5 years

- iv. Depreciation for the entire month is charged in the month in which the asset is purchased.
- v. Depreciation for the entire month is charged in the month of sale if the asset is sold after 15th day of the month. Depreciation is not provided for the month of sale if the asset is sold on or before 15th of the month.
- vi. Leasehold improvements are depreciated over the residual period of the lease or over a period of 10 years whichever is shorter.
- vii. Software is amortised on a straight-line basis over its estimated useful life upto 10 years.
- viii. Profit on disposal of Buildings is recognised in the Profit and Loss Account and subsequently appropriated to Capital Reserve. Losses are recognised in the Profit and Loss Account.
- ix. If at the Balance Sheet date there is an indication that an impairment of fixed assets exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount. The reduction is treated as an impairment loss and is recognised in the Profit and Loss Account. If at the Balance Sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of its depreciable historical cost.
Items of fixed asset that have been retired from active use and are held for sale are stated at the lower of their net book value and net realisable value and are shown separately in the financial statements.
- x. Leasehold land and building thereon is amortised over the period of lease. The lease period of land, acquired by the Bank from Brihanmumbai Municipal Corporation ("BMC") on which the Bank has a building has expired in year 2004. The Bank's solicitor has advised that, based on the current policy on lease renewals of the Government of Maharashtra, the lease/sublease for the bank's premises is expected to be renewed for a period of 30 years on usual term and conditions. Accordingly, the Bank has amortised the leasehold land and building for 30 years.

Schedule 18: Notes forming part of the financial statements of the India Branches (Continued)

For the year ended 31 March 2021

3. Significant accounting policies (Continued)

f. Lease transactions:

Lease of assets under which all the risks and benefits of ownership are effectively retained by the lessor are classified as operating leases. Payments made under operating leases are charged to the Profit and Loss Account on a straight line basis over the lease term.

g. Income recognition

- i. Revenue is recognised in accordance with the requirements of AS-9 'Revenue Recognition'. Interest income is recognised in the Profit and Loss Account on an accrual basis, except in the case of interest on non-performing assets which is recognised on receipt basis as per income recognition and asset classification norms of RBI and in accordance with AS 9.
- ii. Fee and commission income is recognised on an accrual basis. Commission income on guarantees and acceptances are recognised over the life of the contract.
- iii. Income on discounted instruments is recognized over the tenure of the instrument.
- iv. The Bank, in accordance with extant RBI guidelines, enters into transactions for sale or purchase of Priority Sector Lending Certificates (PSLC). The fee received for sale of PSLCs is recorded under Schedule 14.5 and fee paid for purchase of the PSLCs is recorded under Schedule 16.12.

h. Staff benefits

- i. The Bank pays gratuity to employees who retire or resign after a minimum prescribed period of continuous service. For employees who have joined the Bank on or before 31 December 2015, the Bank's Gratuity Scheme provides benefits to employees which are generally higher than those under the Payment of Gratuity Act, 1972. For employees joining on or after 1 January 2016, gratuity payment is as per the provisions of the Payment of Gratuity Act, 1972. The Bank makes contributions to a separate gratuity fund on a monthly basis subject to adjustments based on actuarial valuation. This fund is recognised by the Income-tax authorities and administered by a trust. The Gratuity Scheme is treated as a defined benefit plan and provision for gratuity expenses are made based on an independent actuarial valuation conducted by a qualified actuary at year-end as per method prescribed in AS 15, Employee benefits (revised).
- ii. The Bank contributes 12% of basic salary as employer's contribution towards Provident Fund which is administered by a trust. This Provident Fund is classified as a defined benefit plan under AS 15, Employee benefits (revised) as the same is created with a guaranteed return linked with that under Employees Provident Fund ('EPF') Scheme, 1952. The trust has the option of retaining an appropriate amount out of the amount earned, in a separate account (Surplus account) to finance future shortfalls, if any, after paying out an amount equal to or greater than the guaranteed rate of return. During the year the actuary has estimated the present value obligation (PVO) of the future guaranteed rate(s) of interest as per the guidance from the Institute of Actuaries of India in this regard. The shortfall if any of the PVO and the fair value of surplus account is reflected in the Profit and Loss Account for the year.
- iii. Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the financial year are treated as short term benefits. The Bank measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.
- iv. Eligible employees of the Bank have been granted stock awards under various plans of equity shares of Deutsche Bank AG. As per the various plans, these stock awards vest in installments (tranches) over multi year periods. During the year, the Bank has charged an amount pertaining to these under the head "Payments to and provisions for employees" as compensation cost.
- v. Actuarial gains/losses are immediately taken to the Profit and Loss Account.

i. Taxation

- i. Income tax expense comprises the current tax (i.e. amount of tax for the year, determined in accordance with the Income Tax Act, 1961, the rules framed there under and considering the material principles set out in Income Computation and Disclosure Standards) and the deferred tax charge or credit comprises the tax effects of timing differences between accounting income and taxable income for the year.
- ii. The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognised using the tax rates that have been enacted or substantially enacted at the Balance Sheet date. Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realised in future. However, where there is unabsorbed depreciation or carried forward loss under taxation laws, deferred tax assets are recognised only if there is virtual certainty of realisation of such assets.
- iii. Current tax assets and Current tax liabilities are off-set as the Bank has a legal right to set off the amounts representing taxes on income levied by the same governing taxation laws and the Bank intends to settle the amounts on a net basis. Deferred tax assets and deferred tax liabilities are off-set as the Bank has a legal right to set off the assets and liabilities and the amounts are related to the taxes on income levied by the same governing taxation laws.
- iv. Deferred tax assets are reviewed at each Balance Sheet date and appropriately adjusted to reflect the amount that is reasonably/virtually certain to be realised.

j. Provisions, contingent liabilities and contingent assets

- i. The Bank creates a provision when there is present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for contingent liability is made when there is a possible obligation or a present obligation that may but probably will not require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.
- ii. Provisions are reviewed at each Balance-Sheet date and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources would be required to settle the obligation, the provision is reversed.
- iii. Contingent assets are not recognised or disclosed in the financial statements.

k. Debit Card Reward Points

The Bank estimates the probable redemption of debit card reward points based on an independent actuarial valuation conducted by a qualified actuary at year-end. Provision for the said reward points is then made based on the actuarial valuation report as furnished by the actuary and included in other liabilities and provisions.

iii Disclosures on risk exposure in Derivatives

Qualitative Disclosures

The Bank undertakes transactions in derivative products in accordance with the extant guidelines issued by the RBI. The broad risk Management framework covering the Bank's derivative business is covered in the below paragraphs.

The Bank undertakes transactions in derivative products either in the role of a user or as market maker.

The risk governance framework at the Bank including for derivatives is designed according to a three lines of defence (3LoD) operating model in order to ensure clear accountabilities for and a comprehensive, but non-duplicative, coverage of all risk management activities across the Bank.

The Bank requires strict independence between its 3LoD in order to avoid conflicts of interest by an appropriate separation of functions and responsibilities. The Bank requires all lines of defence to establish an effective and efficient internal governance structure with well-defined roles and responsibilities.

Risk Management Council (RMC) has been established to oversee credit risk, market risk and operational risk related matters for DB India, to provide a platform for integrated risk management in line with local regulatory requirements and Bank's 3LoD.

g. Derivatives (Continued)

iii Disclosures on risk exposure in Derivatives (Continued)

Limits are allocated to specific business lines, trading portfolio groups and geographical regions.

Amongst the most important quantitative tools and metrics currently used to measure, manage and report market risk are Value-at-Risk (VaR) and Stress Testing. The Group acknowledges the limitations in the VaR methodology by supplementing the VaR limits with other position and sensitivity limit structures, as well as with stress testing, on a consolidated basis.

To reduce derivatives related credit risk, the Bank regularly seeks the execution of master agreements (such as the International Swap Dealers Association contract) with clients.

The Bank uses Comprehensive Approach for collateral valuation.

For credit exposure measurement purposes, as the replacement values of the portfolios fluctuate with movements in market rates and with changes in the transactions in the portfolios, the Bank also estimates the potential future replacement costs of the portfolios over their lifetimes.

Hedging

The Bank manages its risk from derivatives activity on a portfolio basis. Specific hedges undertaken, if any, are ring fenced from the transactions undertaken for trading/market making purposes and held in a separate designated portfolio for easy identification and control.

Accounting, Valuation & Provisioning

Accounting & Provisioning

Refer para 3(c) of Notes to financial statements.

Valuation

All instruments in derivatives portfolio are valued on the basis of a common methodology, consistent with generally accepted practices. The valuation takes into consideration all relevant market factors (e.g. prices, interest rates, currency exchange rates, volatility, liquidity etc.). The accuracy and integrity of the market prices are verified independently of trading personnel.

All linear Over The Counter (OTC) instruments are valued on a discounted cash flow basis, i.e. all future cash flows (receipts and payments) are discounted to their present value using mid market data. Market prices are obtained from established and reliable information services.

OTC option instruments are valued using proprietary option models. In case of foreign currency-rupee options, the volatility used for valuation is as given by FEDAI.

Exchange traded derivative contracts are marked to market using closing price of relevant contract as published by the recognized exchange. Resultant mark to market profit / loss is settled with the exchange on a daily basis.

In case market prices do not accurately represent the fair value that would actually be realized for a position or portfolio, valuation adjustments such as market risk close-out costs, large position liquidity adjustments are made to arrive at the appropriate fair value. These adjustments may be calculated on a portfolio basis and are reported together with, or as a part of the carrying value of the positions being valued, thus reducing trading assets or increasing trading liabilities.

- x The Novel Coronavirus (COVID-19)

The novel coronavirus (COVID-19) pandemic continues to be an issue of concern across the globe including India. The global and Indian financial markets have experienced and may continue to experience significant volatility resulting from issues related to COVID-19. Developments around the COVID 19 disease in 2020 and 2021 so far suggest that global and domestic economic growth is expected to continue to be negatively impacted by the spread of the disease and the resulting disruption of economic activity, which could impact the Bank's performance. The extent to which the COVID-19 pandemic will impact the Bank's performance depends on future developments, which are highly uncertain, including, among other things, any new information concerning the severity of the COVID-19 pandemic and governmental response to mitigate its impact.

The Bank continues to closely monitor the situation and in response to this health crisis, the Bank has implemented various protocols and processes to execute its business continuity plans, help protect its employees and support its clients. The Bank continues to meet its operating and financial obligations, has maintained required capital adequacy ratio and has adequate financial resources to run its business. The Management believes that it has taken into account all possible impacts of known events arising from the COVID 19 pandemic in the preparation of the financial information as at March 31, 2021. The impact assessment of COVID-19 is a continuing process given the uncertainties associated with its nature and duration and the Company will continue to monitor any material changes to future economic conditions.

In accordance with the RBI guidelines relating to COVID-19 Regulatory Package dated March 27, 2020, April 17, 2020 and May 23, 2020, the Bank had offered moratorium between 1 March 2020 and 31 August 2020.

v) Consolidated financial statements

The Bank has 30% of ownership interest in Comfund Consulting Limited (the Company). The Company's main objects include carrying on business as consultants and / or advisors to industries, companies and other business establishments. The Company has no operations and has filed an application with National Company Law Tribunal (NCLT) seeking initiation of Corporate Insolvency Resolution Process under Insolvency & Bankruptcy Code, 2016. The application has been accepted by the NCLT on 10 September 2020. The Resolution Professional has now filed an application for liquidation of the company and the order, on the said application, is awaited.

Investments in the Company are not held so as to lead to any economic benefits to the Bank. Accordingly no consolidation is required under Accounting Standard 21, "Consolidated Financial Statements" (AS – 21). Further the Company is under long-term restrictions that significantly impair its ability to transfer funds to the Bank. Accordingly no consolidation is required under Accounting Standard 23, "Accounting for Investments in Associates in consolidated financial statements" (AS-23).

Hence the Bank does not consolidate the Company and has accounted for the investment in the Company in accordance with Accounting Standard 13, 'Accounting for Investments'. Such non-consolidation does not have material impact on the financial results of the Bank.

xviii Unhedged Foreign Currency Exposure

The Bank has in place a policy on managing credit risk arising out of Unhedged Foreign Currency Exposures of its borrowers. In order to minimize risk arising out of exposure to corporates, all foreign currency loans granted by the Bank in excess of USD 10 million are subject to being mandatorily hedged for foreign currency risk by the corporate, except in the following cases:

- Foreign currency loans extended to finance exports provided customers have uncovered receivables to cover the loan amount.
- Foreign currency loans extended for meeting foreign currency expenditure.

In addition to the above, foreign exchange (FX) risk on unhedged exposures is a crucial part of the risk assessment of the Bank as under:

- FX risk on account of unhedged exposures is factored in during the initial and annual rating exercise based on its impact on the credit profile of the counterparty. The counterparty rating is a critical determinant of all credit reviews and credit decisions.
- FX Hedging policy of clients is discussed in detail during periodic client meetings and information is obtained about existing hedged and unhedged positions of the client and policy on hedging.
- The FX risk of unhedged positions is also qualitatively assessed based on natural hedge available to the counterparty, under business economics/type of exposure to be hedged.
- Rapid portfolio reviews are also conducted during periods of relative currency volatility and appropriate action is taken at a counterparty level to manage credit risks.

The Bank has maintained incremental standard asset provision of Rs. 1,153,364 thousand (Previous year Rs. 942,748 thousand) and incremental capital of Rs. 7,171,622 thousand (Previous year Rs. 4,775,703 thousand) on account of Unhedged Foreign Currency Exposure of its borrowers.

xix The Bank has outstanding factoring exposure of Rs. 62,628,702 thousand (Previous year: Rs. 38,516,980 thousand). The same has been included under the head 'Bills purchased and discounted' in Schedule 9.1.

o. Liquidity Coverage Ratio (Continued)

Qualitative Disclosure around LCR

The Bank measures and monitors the Liquidity Coverage Ratio (LCR) in line with the extant RBI guidelines. The LCR is intended to improve the short-term resilience of a bank's liquidity risk profile over a 30 day stress scenario. The ratio is defined as the amount of High Quality Liquid Assets ("HQLA") that could be used to raise liquidity, measured against the total volume of net cash outflows, arising from both actual and contingent exposures, in a stressed scenario. The minimum LCR requirement from 1st January 2019 till 27th March 2020 was 100%, it reduced to 80% from 28 March 2020 till 30 September 2020. As per the RBI circular minimum LCR should be 90% from 1 October 2020 till 31 March 2021, from April 1 2021 onwards minimum LCR will be 100%.

The Bank's average LCR for the quarter ended March 2021 stood at 248.17% as against 474.16% for the quarter ended March 2020. In accordance with RBI guidelines dated 31st March 2015, the LCR ratio is computed on daily LCR observations.

The Bank maintains HQLA primarily in the form of cash including excess CRR with the RBI, unencumbered SLR holdings over and above the mandatory SLR requirement, the portion of mandatory SLR holdings that are allowed by the RBI to be counted towards HQLA through the Marginal Standing Facility (MSF), the Facility to Avail Liquidity for Liquidity Coverage Ratio (FALLCR) and AAA rated government bonds issued by foreign sovereigns.

The Bank has maintained an average HQLA of Rs. 369,441,068 thousand for quarter ended March 2021 as against Rs. 276,011,729 thousand for quarter ended March 2020.

The Bank's average net cash outflows stood at Rs. 148,867,713 thousand for quarter ended March 2021 as against Rs. 58,210,860 thousand for quarter ended March 2020. The main drivers for cash outflows are operational and non-operational deposits from corporate and retail customers, short-term borrowings and contingent outflows from credit and liquidity facilities, letters of credit, guarantees and trade finance facilities granted to corporate customers. The main LCR inflow driver is inflows from fully performing exposures, representing inflows from loans extended to retail and corporate customers.

The Bank's Asset Liability Committee (ALCO) manages and defines its funding strategy to maintain a stress-compliant and diversified funding profile based on LCR requirements, the Bank's liquidity risk appetite and the Bank's internal liquidity risk management framework. The ALCO manages the liquidity requirements of all of the Bank's Indian branches and business centrally and holistically, meetings are chaired by the Bank's Treasurer and attended by the CEO, CFO, COO, the Bank's business heads and infrastructure function heads.

p. Corporate Social Responsibility ('CSR')

The Bank continues to have a strong focus on CSR and has put in place a very strong governance process around project adoption and funds disbursement. The Bank's CSR Policy document sets out the following primary objectives:

- i. **Education** - Enabling underprivileged children and youth overcome poverty through education and to reach their full potential, by boosting their aspirations, improving their skill set and by making vocational training and job placements available to them. t. Implementation of Indian Accounting Standards (Ind AS)

The Ministry of Corporate Affairs (MCA), on 18 January 2016 issued a press release setting out the dates of Indian Accounting Standards (Ind AS) applicability for banks from the accounting period beginning 1 April 2019. The RBI had also advised that the Banks in India are required to implement Ind AS from 1 April 2019. Subsequently implementation of Ind AS was deferred by one year by RBI as the necessary legislative amendments to make the formats of financial statements compatible with Ind AS were under consideration of the Government. Further, RBI vide its notification dated 22 March 2019 has deferred the implementation of Ind AS till further notice.

Based on RBI directions, the Bank continues to submit proforma Ind AS financials to RBI on a quarterly basis. The Ind AS guidelines converge substantially with International Financial Reporting Standards (IFRS) and the Bank already prepares its financial statements for Head Office Reporting based on IFRS. Hence, the Bank has approached Ind AS implementation primarily as a review and analysis of existing IFRS reporting practices vis-à-vis Ind AS.

v. Provisions, Contingent liabilities and contingent asset

Sr. No	Contingent Liabilities	Brief
1)	Claims against the Bank not acknowledged as debts	The Bank is a party to various legal proceedings in the normal course of business. The Bank's pending claims and litigations comprise of claims & litigations against the Bank by clients and proceedings pending with Income tax authorities, which are disputed by the bank and possible to be held against the bank.
2)	Liability on account of foreign exchange and derivative contracts	The Bank enters into foreign exchange contracts, currency options, forward rate agreements, currency swaps, total return swap, exchange traded derivatives and interest rate swaps with interbank participants/customers. Forward exchange contracts are commitments to buy or sell foreign currency at a future date at the contracted rate. Currency swaps are commitments to exchange cash flows by way of interest/principal in one currency against another, based on predetermined rates. Exchange traded derivatives are standardized future dated derivative contracts traded in a recognized stock exchange. Interest rate swaps are commitments to exchange fixed and floating interest rate cash flows. Forward rate agreements are over-the-counter contracts between parties that determine the rate of interest to be paid on an agreed-upon date in the future. A total return swap is an agreement in which one party makes payments based on a set rate, either fixed or variable, while the other party makes payments based on the return of an underlying asset. The notional amounts that are recorded as contingent liabilities are typically amounts used as benchmark for the calculation of the interest component of the contracts.
3)	Guarantees given on behalf of constituents, acceptances, endorsements and other obligations	As part of its commercial banking activities the Bank issues documentary credit and guarantees on behalf of its customers. Documentary credits such as letters of credit enhance the credit standing of the customers of the Bank. Guarantees generally represent irrevocable assurances that the Bank will make payments in the event of the customer failing to fulfill its financial or performance obligations.
4)	Other items for which the Bank is contingently liable- Others	These include undrawn commitments, capital commitments, amount transferred to the RBI under the Depositor Education and Awareness Fund (DEAF), forward asset purchases and value of investments traded on or before the Balance Sheet date with a settlement post the Balance Sheet date.

Provident fund liability

The Indian Parliament has approved the Code on Social Security, 2020 which subsumes the Provident Fund and the Gratuity Act and rules thereunder. The Ministry of Labour and Employment has also released draft rules thereunder on November 13, 2020 and has invited suggestions from stakeholders which are under active consideration by the Ministry. The Bank will evaluate the rules, assess the impact, if any and account for the same once the rules are notified and become effective.
